

John Carter

johnacarter@gmail.com (770) 598-7096

Richard hails from Tulsa. He has earned degrees from the University of Oklahoma and Stanford. (Go Sooners and Cardinals!) Before starting Pied Piper, he worked for Hooli as a part time software developer. While his work focuses on applied information theory, mostly optimizing lossless compression schema of both the length-limited and adaptive variants, his non-work interests range widely, everything from quantum computing to chaos theory. He could tell you about it, but THAT would NOT be a "length-limited" conversation!

SKILLS

WEB DEVELOPMENT HTML, CSS, Javascript

COMPRESSION Mpeg, MP4, GIF

EXPERIENCE

Hachette Book Group

Principal Systems Administrator Jan 2014 - Present

Provided end-user support for a Java-based chat application

- Developed detailed documentation both for customer consumption and internal
